

THERMOMETER - STRAIGHT AND ANGLE

Материал stainless steel / brass

Налягане (-30.0 - 400) °C

Размер G1/2"

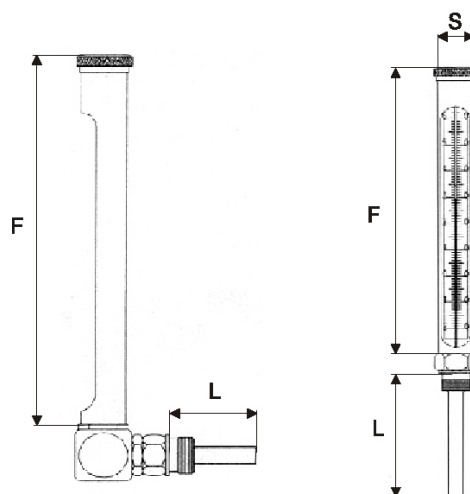

APPLICATIONS

To measure the temperature of different fluids and gases.

VARIANTS

Thermometer type:

- Straight
- Angle

No.	Part	Material
1	Body	Bronz / Steel
2	Parts in contacts with fluids	CrNi / steel; Bronze/Steel
3	Glass thermometer-fluid	CrNi / steel; Spirit / Quicksilver
